

detego® SUITE Module Catalogue

| Component | Module Name | Description/Hardware Options | Code |
|------------------|-----------------------------|--|----------------------------------|
| Tagging | Teach-In | Association of item and EPC Packing table, Barcode Reader, Touchpad Handheld | DO-00001 DO-00002 |
| | Label Printing | Printing of RFID labels based on print jobs from a backend system Printer | DO-00003 |
| | Label Initializing | Encoding of EPC data on RFID labels UHF Desktop Reader RFID METM | DO-00033 DO-00046 |
| | Label Processing | Processing of transport units and printing of RFID labels based on shipping orders Printer, Barcode Reader | DO-00034 |
| Goods Inbound | Goods Inbound Registration | Registration of Goods Inbound without checking against a target list Handheld Portal Virtual Tunnel | DO-00004 DO-00005 DO-00035 |
| | Goods Inbound Verification | Checking of Goods Inbound based on a target list (ASN/despatch advice) Handheld Portal Virtual Tunnel | DO-00006 DO-00007 DO-00036 |
| | Goods Inbound Detection | Detection of shipments based on single RFID tagged items located within the transport unit Handheld Portal Virtual Tunnel | DO-00037 DO-00038 DO-00039 |
| Goods Outbound | Goods Outbound Registration | Registration of Goods Outbound without checking against a target list Handheld Portal Virtual Tunnel | DO-00008 DO-00009 DO-00040 |
| | Goods Outbound Verification | Checking of Goods Outbound based on a target list Handheld Portal Virtual Tunnel | DO-00010 DO-00011 DO-00041 |
| | Goods Outbound Detection | Detection of shipping orders based on single RFID tagged items located within the transport unit Handheld Portal Virtual Tunnel | DO-00042 DO-00043 DO-00044 |
| Goods Relocation | Relocation | Automatic transfer of registered items to predefined locations Handheld Portal Virtual Tunnel | DO-00012 DO-00013 DO-00045 |

detego® SUITE Module Catalogue

| Component | Module Name | Description/Hardware Options | Code |
|----------------------|-------------------------------|---|----------------------|
| Inventory | Inventory Registration | Stock taking without checking against a target list Handheld | DO-00014 |
| | Inventory Verification | Checking of current stocks based on a target list Handheld | DO-00015 |
| Article Surveillance | EAS Deactivator | Setting of the theft protection flag while registration in the checkout/returned process UHF LAN Reader | DO-00016 |
| | EAS Detector | Registration of individual items at the point of exit and checking that the goods were sold & Controls the alarm functionality EAS Antenna | DO-00017 |
| POS | POS | Article data are registered at cash desk Connection to the customer POS system UHF Desktop Reader RFID ME™ | DO-00018 DO-00047 |
| | | | |
| Pick & Pack | Picking | Picking of individual items based on a predetermined picking list Handheld | DO-00019 |
| | Packing | Review of packed shipping units based on an existing delivery order Packing table | DO-00020 |
| Item Search | Item Search | Search of items based on their article number or EPC Handheld | DO-00021 |
| Reporting Services | Track & Trace | | DO-00022 |
| | Goods-Inbound Report | | DO-00023 |
| | Replenishment Report | | DO-00024 |
| | Theft Report | | DO-00025 |
| | Sales Report | | DO-00026 |
| | Inventory Report per Location | | DO-00027 |
| | Inventory Report per Article | | DO-00028 |
| Data Store | Data Store | Database for the storage of all collected data by connected modules | DO-00029 |
| Administration | Admin | Central administration tool | YO-00002 |
